

Walmart comes to India

Walmart are the worlds biggest market. Every things are available here. Walmart are come to India and invest our market in India.

In India Walmart are establish in Delhi, Jaipur, Agra and so and so Walmart Are 51% of Foreign Direct Investment (FDI). Walmart are the First largest Market in the World.

Walmart are decided in 2010 to come India and stepping store for making in to the super market category. Because it is Foreign Direct Investment.

American Retail Chain Walmart will replace three of

the whole seller store set up by French group carefour in India own source said Walmart are very less rice Market but.

Walmart come to India and very problem created to given price of Things. farmer and vegetable seller, crop seller

of local Market in India are middle High. But Walmart price are very less.

so local Market are against to the Walmart due to many problems created in Walmart. All farmer are income are very less in Front of Walmart.

In other time, many lower people are fear by the name of Bigger Market. Lower people think bigger market are bigger price. So many people are not go to the Bigger malls and marts. He/She brought on local Markets. Lower people think lower market are lower price but better think so this its

All other retailer and whole-seller are High Price.

are not satisfied by the FDI Walmart beasuse The price

wrong think for the people. All prices are some local and branded but Minner Diffrent. In both prices, Lower people are lower thinking so. I say to lower people you grou up and know the Market. Walmart are purchase vegetables, crops ETC. By Farmer in very less price the seller of local market. So walmart ar come to India in 2010 But our Government are not assign for the this project. Beause many peple are against for the Walmart. But walmart are for long term leases to take up. Store in Delhi, Jaipur, and Agra Walmart are Decided in four to five year we open 20 store in India. Walmart are expand our market in with in year so our future of India in Market may be Bright or not. Bright we are not decided to given by the Walmart. At last Walmart is good for the Higher class upeeer Middle Calss..Lower classes are not Good. Because their thinking are not Develop. This is the reason For the This two Classess. Their Thinking are not develop. But our market are also not Develop. At last i say grou up india
